

Vocabulary learning on Android Smartphones

AnkiDroid Flashcards (free download)

Android based application for learning words (incl. audio and pictures). You type in your own learning cards. When learning, those cards which are difficult to learn are more often repeated.

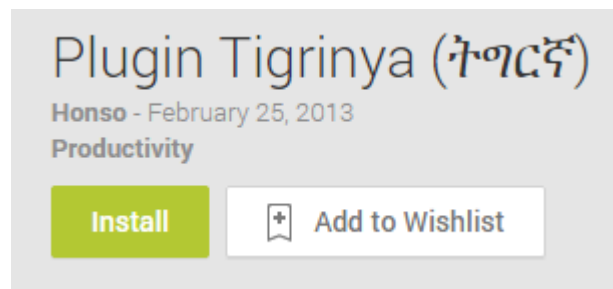

Ankiweb.net contains learning sets from other people (e.g., for arab-german vocabulary).

For instance: <https://ankiweb.net/shared/info/2763225490>, Arab-Deutsch: Alkitaab 1-6 Deutsch

How to use AnkiDroid for Deutsch-Tigrinya:

1. Download and install applications: **Multiling Keyboard** + **Tigrinya plug-in** for MultiLing

2. Activate Multling

3. **Change Properties:** System, Language and input, choose MultiLing Keyboard, choose languages German and Tigrinya in Multiling properties

4. Choose Multiling as **standard keyboard**

For a demonstration, comments and questions, contact Doris Eckstein

Vocabulary learning on iPhones

Anki for Iphone costs 20.- Fr.!

I have not tried to install FlashCards Deluxe yet (cost: 4.00 Fr.), neither the installation of any Tigrinya keyboard. Please let us know the procedure if you know it!

+ This app is designed for both iPhone and iPad

\$3.99

Description

Flashcards Deluxe is an easy to use, yet powerful flashcard app which you can use to study just about anything you want. I use this app for my own Chinese studies, and am constantly improving it to make it better for myself and others.

What's New in Version 4.0

- Mix different layouts while studying
- For example, study both directions of a language at once, or mix multiple choice and spelling.
- Two ways to do this: 1) Deck Options > Advanced Layout 2) Add > Combination Deck > Settings by sub-deck
